

Amine's favorite type of animal is a [horse](#). He knows all about horses, especially [Seabiscuit](#). I once listened to him talk for 3 hours (nonstop) about the [Seabiscuit movie](#) that starred [Tobey Maguire](#). It was kind of funny, but I think he went a little bit overboard. See page 2 of this document for more details 😊

Amine thinks that Seabiscuit is Tobey Maguire's 2nd best movie (after [Spiderman 3](#)). For the record, I agree that Spiderman 3 is a fantastic movie. He and I also both think that Tobey Maguire (even in his 40s) is more attractive than [Tom Holland](#).
